

Technology secures recertification

# **LYDIA<sup>™</sup> 9 Voice Browser by EPG is Certified by SAP<sup>®</sup> for Integration with SAP S/4HANA<sup>®</sup> and with SAP NetWeaver<sup>®</sup>**

EPG (Ehrhardt Partner Group) announced today that its solution, LYDIA 9 Voice Browser is again certified by SAP<sup>®</sup> for integration with SAP S/4HANA<sup>®</sup> and with SAP NetWeaver<sup>®</sup>.

“This certification from SAP further confirms that businesses that use SAP technology can significantly enhance warehouse performance with the aid of LYDIA 9 Voice Browser,” said Tim Just, CEO Voice Solutions at EPG. “LYDIA 9 Voice Browser also ensures they have complete control over their voice application. Our solution has been offering these features since 2009.”

LYDIA Voice is a pick-by-voice solution that can be accessed using LYDIA 9 Voice Browser. Ensuring a simple integration process, LYDIA 9 Voice Browser is compatible with a range of SAP modules, including SAP Extended Warehouse Management rapid deployment solution. Customers benefit more from enhanced performance than with other integration methods thanks to its standardised design and simple system maintenance. Modifications and upgrades can be implemented flexibly and reliably.

With LYDIA 9 Voice Browser, LYDIA Voice can be integrated into a company’s existing SAP environment without the need for middleware. This intelligent online connectivity ensures maximum efficiency in warehouse processes. The process logic is SAP-based, giving customers a crucial advantage: all standard SAP functionalities can be utilised, and changes can be implemented by their own SAP team with a great deal of flexibility.

LYDIA 9 Voice Browser offers multi-modal functionality for LYDIA Voice. Users can also access infographics and enter data simultaneously via voice command, touch, scan or keyboard. Thanks to its online connectivity, the technology also offers functions such as

real-time stocktaking to track current warehouse inventory, while also facilitating optimised warehouse replenishment and enhanced order-picking efficiency.

SAP Integration and Certification Center (SAP ICC) has certified that the integration software for the product LYDIA 9 Voice Browser integrates with SAP S/4HANA and with SAP NetWeaver using standard integration technologies. SAP S/4HANA is the next-generation business suite designed to act as the digital core, helping customers drive digital transformation across their organizations.
